Hafa Adai

Thank you for your continued support for AWWA- HIWPS. As things return to a more normal routine, the AWWA-HIWPS would like to announce the return of an In-person conference. This year the conference will be on **August 31, September 1-2, 2022 at the Dusit Thani Resort Guam**. The conference theme this year is **“Investing in Our Islands’ Water”**.

Your company has been supportive of our organization and we hope that you will be able to continue to sponsor the **2022 Western Pacific Water & Wastewater Conference**. This year’s conference will accommodate both in-person and virtual participants. We hope to see everyone, but we understand there may be some challenges in traveling to the island.

Last year we had over 100 participants during our virtual conference. With passage of the American Rescue Plan, during the peak of COVID, and a renewed investment in our nation’s infrastructure through the passage of the US Infrastructure Investment and Jobs Act, the opportunity for long-term improvements and enhancements for the future of our water and wastewater systems has never been better. The conference will also be held in conjunction with the Water and Environmental Research Institute of the Western Pacific’s (WERI) Advisory Council Meeting, which will be held on the morning of September 1, 2022. We hope many of you would like to share your technical knowledge about the water and wastewater systems and the future investments being placed into these systems.

We are inviting water and wastewater professionals from Commonwealth of the Northern Marianas, the Federated States of Micronesia, Palau and Republic of the Marshall Islands to collaborate and share their knowledge of their water and wastewater systems.

We also plan to have many opportunities for vendors, in-person, to engage in short hands-on training sessions or in individual consultation with our participants. This year we are planning an in-person field trip to Guam’s newly built secondary treatment facility at the Northern District Wastewater Treatment Plant.

I hope you will be able to be a sponsor or be one of our vendors at this year’s AWWA-HIWPS Conference. Please feel free to contact me at jriegel@brwncald.com or 671-300-4220 with any questions.

Si Yu us Ma’ase’,

John Riegel, P.E.
Vice-Chair
